Protocol for post-operative concerns

Your satisfaction is our number one concern. The outcome of your surgery depends on the care you receive before, during, and after your procedure.

If you have any concerns develop after surgery please call the office (250-597-2064). If you are unable to get through to the office call Dr. Anzarut's cell phone (250-510-4668). If he does not answer leave a message. Do not go to your family doctor or the emergency room prior to trying to get hold of Dr. Anzarut.

If you are unable to contact Dr. Anzarut and feel it is important to see a doctor immediately, go to your family doctor or the emergency room after leaving a message for Dr. Anzarut on his cellular phone. Small problems that are treated elsewhere can become big problems.

I _____ agree to call Dr. Anzarut [office : 250-597-2064; cellular phone: 250-510-4668] if there are any post-operative concerns prior to seeing a family doctor or emergency room physician.
